

St Charbel's College

Anti-Bullying Policy

1. INTRODUCTION AND PURPOSE

Our role model is Christ and we seek to replicate all Jesus taught in our actions and relationships with others. Through Jesus' words to "Do unto others as you would have them do unto you" and "Love your neighbour as yourself", we are called to give witness to these Christian values.

The dignity of each person created in the image of God is at the heart of this policy as is the desire to bring reconciliation and healing to situations of conflict.

- Every person at St Charbel's College has a right to be treated as an individual and with dignity
- Every person at St Charbel's College has a right to be able to feel safe
- Every person at St Charbel's College has a right to be able to learn, free from anxiety.

All children and young people have the right to an education that is free from discrimination, harassment and bullying. At St Charbel's College we believe that students who are targets of persistent bullying can suffer long term psychological, social and developmental damage that can continue into their adult years. We do everything possible to ensure that children feel safe and happy to come to school.

Teachers, parents, caregivers and members of the wider school community have a shared responsibility to create a safe and happy environment, free from all forms of bullying.

Violence, bullying and harassment affects everyone, not just those directly involved. It also affects those who witness the violence and aggression that is often associated with bullying and the distress and powerlessness of the victim or victims. Bullying behaviours can have a profound long term effect on the culture of a school if it is not dealt with effectively. At St Charbel's College we deal with bullying in a proactive way. We educate our students to understand the effects of bullying through the pastoral curriculum.
